Heavy Duty Fast-Fold® Deluxe

Product Information

Large Venue Folding Aluminum Frame Screen

16:9 sizes in front and rear projection added for 2010.

TECHNICAL CHARACTERISTICS

- Streamlined set-up, lighter and new stronger cast aluminum hinges.
- Robust aluminum extruded frame and legs are constructed of 89 mm wide by 32 mm thick sections and feature easy release latches for simple, quick set-up and tear-down of the screen.
- Complete kit includes anodized aluminum folding frame with anti-sway braces, projection screen surface, "Speedy Cranks" for quick and easy assembly and a wheeled poly case for transport and storage.
- No tools necessary. Heavy Duty Fast-Fold® Deluxe frames are joined at the corners using "Speedy Cranks." Screen is attached to frame with snaps.
- Screen height may be adjusted up and down in 15.25 cm increments.
- Available in the following projection screen surfaces: foldable black backed Da-Mat® (front), Da-Tex® (rear) and Ultra Wide Angle (rear).
- Ultra Wide Angle is a white rear projection surface engineered for use with short throw projectors.
- 16.5 cm black border serves to frame the projected image and enhance perceived contrast.
- All surfaces and sizes are seamless.
